

BEFORE THE KENTUCKY PUBLIC SERVICE COMMISSION

RECEIVED

DEC 22 2005

PUBLIC SERVICE
COMMISSION

IN THE MATTER OF:

**GENERAL ADJUSTMENT OF ELECTRIC)
RATES OF KENTUCKY POWER COMPANY) CASE NO. 2005 -00341**

**KENTUCKY POWER COMPANY
RESPONSES TO KENTUCKY CABLE AND
TELECOMMUNICATION ASSOCIATION
SECOND SET OF DATA REQUEST**

December 22, 2005

Kentucky Power Company

REQUEST

Please describe fully each and every way in which Kentucky Power has made its pole attachment calculations in this case differently from how the Company made its pole attachment calculations in Case No. 91-066. For each difference in the manner of calculation , explain fully why the Company changed its method of calculation.

RESPONSE

In Case No 91-066 the investment for two-party attachments was calculated using investment in 35 and 40 foot poles while the investment for three-party attachments was calculated using the investment in 40 and 45 foot poles. Because pole records are no longer kept by height, total investment in all wooden poles was used to calculate rates in this case using the same usage factors as in Case No. 91-066.

WITNESS: Errol K Wagner

Kentucky Power Company

REQUEST

Did KCTA maintain continuing property records of its poles by category of pole height in 1990?

RESPONSE

The Company assumes the question asks about the *Company's* continuing property records (not KCTA's) and has answered accordingly. The Company kept the investment in poles by height in 1990.

WITNESS: Errol K Wagner

Kentucky Power Company

REQUEST

If the answer to KCTA Data Request No. 30 is anything other than affirmative, please explain how Kentucky Power determined the number of and investment in poles of different heights in Page 4 of Kentucky Power Exhibit EKW-8 in Case No. 91-066.

RESPONSE

See the Company's response to Question No. 30.

WITNESS: Errol K Wagner

Kentucky Power Company

REQUEST

Did the Company provide in response to KCTA's Data Request No. 10 all of its continuing property records for Account 364?

RESPONSE

No, the Company did not provide detailed vintage records of its property in account 364 in response to Data Request No. 10.

WITNESS: Errol K. Wagner

Kentucky Power Company

REQUEST

If the answer to KCTA's Second Data Request No. 32 is anything but "Yes", please provide all additional records.

RESPONSE

See page 2 for a schedule of the Company's detailed vintage records for Account 364 at 6/30/2005.

WITNESS: Errol K Wagner

Kentucky Power Company

REQUEST

If the Company had records in 1990 that reflected the number of an investment in wooden poles of the various sizes and no longer maintains records of that data, explain fully when the Company ceased maintaining those records, and the reason the Company ceased maintaining the records.

RESPONSE

FERC does not require that investment in poles be maintained by height. In 2002, the Company decided that maintaining poles by height in the continuing property records was not a required level of detail.

WITNESS: Errol K Wagner

Kentucky Power Company

REQUEST

Has the Kentucky Commission ever authorized the Company to cease maintaining records of the number of and investment in wooden poles of various sizes? If so, provide a copy of any order on which the Company relies.

RESPONSE

The Kentucky Commission did not authorize the Company to either keep or cease maintaining poles by height in the continuing property record. This change doesn't require Commission approval.

WITNESS: Errol K Wagner

Kentucky Power Company

REQUEST

Provide all continuing property records by year since 1990 reflecting the number of and/or investment in wooden poles of different sizes, for each such year the records were maintained.

RESPONSE

Attached is a schedule of the Company's investment in wooden poles by height for the years 1991 through 2002. Please note that in 1999, we stopped keeping minor non-retirement unit items separately in our property record and transferred the cost of the minor items to the related major item retirement units. This transfer increased the per unit cost of the retirement units.

WITNESS: Errol K Wagner

Kentucky Power Company
 Investment in Wooden Poles by Height
